

OPIMUM SMOKERS ARE CAUGHT BY THE OFFICERS

An opium outfit was unearthed early yesterday afternoon at the "Ark," a negro rooming house on Wall avenue, by Patrolman T. Henry Blackburn, following the arrest of Peter Reeves and Margaret Reeves, negroes, on charges of vagrancy.

The woman was arrested yesterday morning by Officers Blackburn and Wooten in a room at the "Ark," and about noon her husband came to the police station to inquire about her. From his talk, the officers concluded that he, too, was probably guilty of vagrancy and he also was placed under arrest, with bail set at \$100. Mrs. Reeves' bail was fixed at \$25, which was furnished, but the husband was unable to put up the \$100 for himself.

Later in the day, Patrolman Blackburn returned to the "Ark" and found a complete opium smoking outfit in the room where Mrs. Reeves was arrested. The outfit was a new one and had the appearance of being lately used.

This morning Mrs. Reeves forfeited her \$25 bail, in the municipal court, and Reeves will be brought to trial tomorrow morning.

THE ALHAMBRA ORPHEUM CONCERT ORCHESTRA

In organizing this orchestra the management of the Alhambra Theater decided that they must have the very best men they could find and finally engaged the following musicians:

Ervin Larson Director
James Rackham First Violin
William Foster Clarinet
Chas. Alvin Bluth Cornet
Hyrum Lammer Trombone
Robin Sellick Drums
Louis Pantone Bass
Samuel F. Whitaker Organist

Mr. Ervin Larson is recognized as the best vaudeville leader in this part of country. He played piano for five years in the Orpheum theater orchestra in Salt Lake City, under Prof. Willard Veihe, then became director of the orchestra at the Empress theater of the same city, and for the past year has been director in one of Seattle's largest theaters.

Messrs. Rackham, Bluth, Pantone, Lammer, Foster and Sellick are all well known to Ogden people as the very best musicians in the city on their respective instruments, and the orchestra as a body is the best ever assembled in Ogden.—Advertisement.

REGISTRATION DAYS AND PLACES OF REGISTRATION

Registration days for the city primary election, October 19, and the regular election November 2, are October 5, 12 and 26. The first named election is held for the nomination of candidates for mayor, four-year commissioner, city auditor and municipal judge.

It will be necessary for every person who votes at either election to have his name on the registration list of the district in which he lives and desires to vote. The registration offices will be open all day on the days designated for registering. Registration can be made only on the days provided by law, but transfers from one district to another may be made on any day prior to the days of the two elections.

Following is the complete list of registration officers and the places where registrations may be made.

OCTOBER 5TH, NEXT REGISTRATION DAY.

THOMAS EGAN

When vaudeville could not get John McCormack it did the next best thing and secured Thomas Egan. These two Irish tenors vie with each other as "Ireland's Foremost Tenors." Both have gained international fame and both are working for the recognition throughout the world of Irish music.

Thomas Egan has sung in grand opera and concert all over the world. He has been principal tenor of the

(Basement.)

MORE VICTIMS OF EXPLOSION FOUND

Death List at Ardmore, Oklahoma, Increasing as Investigation of Disaster Proceeds.

SCENE IS DESCRIBED

Flames Shoot Up 200 Feet—Explosion Scatters Flaming Liquid for Blocks—Business Section Demolished.

Ardmore, Okla., Sept. 28.—Discovery of additional bodies today in the ruins at Ardmore, Okla., increased the number of known deaths resulting from yesterday's explosion of a gasoline tank car to forty-five. It was believed the death list would reach fifty, if not more. The property damage is estimated at more than \$1,000,000. There are at least two hundred injured, some of these probably fatally. Of the 45 known to be dead early today, 21 were negroes and one was an Indian. Two negroes are missing. The others are all white.

Death List Increasing.

In addition to the bodies believed still in the ruins, it is feared that sev-

eral of the 200 persons injured will succumb, making a probable death list of three score.

Investigation of the cause of the disaster was started by city officials today. It is supposed that a spark from a hammer of one of the workmen repairing the car ignited the gasoline.

Eyewitnesses Describe Scene.

Eyewitnesses said flames shot in the air for a distance of 200 feet immediately preceding the explosion which scattered the flaming liquid for blocks, thus starting scores of fires in the buildings wrecked by the concussion.

Most of the persons killed were crushed under falling walls, some of them more than a block away from the scene of the explosion.

City Under Martial Law.

Ardmore today virtually was under martial law while business was suspended to permit the work of rescue

to proceed with greater speed. One hundred special deputies had been sworn in to prevent disorder.

The downtown business section presented a picture of disaster, one block of Main street, from the railroad station to the Whittington hotel, having been razed by the explosion, many buildings on the opposite side of the street destroyed and the plate glass fronts of every store in town demolished.

Light System Cut Off.

The greater part of the city was in darkness last night, the electric lights having been cut off owing to the danger from prostrate wires. Many instances of heroism and freakish results of the explosion were recounted today by persons who witnessed it and themselves escaped with slight bruises.

The terrific report was heard for a distance of 22 miles.

The explosion occurred yesterday

afternoon in a tank car containing 3,000 gallons of gasoline. It caused great damage, six blocks in each direction from the Santa Fe freight and passenger depots being affected.

Railroad men who were in the yard at the time state that the car was shunted to a siding on account of its being in "bad order." The car was leaking gasoline to such an extent that a pool of the fluid had formed on the ground under the car. When switchmen refused to move the car further an inspector was called.

Car Inspector Peers In.

Ira Woods, aged 40, the car inspector, according to the story of those who saw him, mounted the car, unscrewed the cap and peered in. Just as he did this the gasoline became ignited and Woods, the car and every loose piece of material within a hundred yards was hurled through the air.

First reports that there were two

explosions were confirmed early today. A quantity of dynamite in the freight storehouse was set off by the concussion of the gasoline explosion. The second explosion came within a second after the first.

Great Damage Done.

The greatest damage was done from the shock of the explosion. The fire damage will not equal that caused by the dynamite and gasoline. The dynamite demolished nearly a score of buildings. Near the siding on which the tank car was placed were a number of wooden structures, part of which were occupied by negroes. In this section a two-story frame building collapsed, taking fifteen negroes in a pool hall to their death. Search of the ruined buildings proceeded all night and continued this morning. It is in wrecks of these buildings that other bodies are expected to be found.
